

Master Class: Aspects of Trance Mediumship with Tony Stockwell

Exploring Altered States And The Trance Mediumship Connection

At CountryPlace Saturday 4th April – Sunday 5th April 2020

For advanced students only

This is a unique opportunity for those who are willing to truly stand up for the other world.

Tony Stockwell has worked publicly offering demonstrations of Mediumship for 25 years. It's through his wealth of experience that Tony has developed a fascinating two day Master Class where he will instruct and inspire those attending to take to the platform (stage) and demonstrate their own Mediumship. Looking at your mediumistic precision and focus together with the style and manner you employ to get each of your messages across.

Here you will also cover how to work with multiple communicators and multiple recipients. You'll have the opportunity to practice double links i.e. working on the same spirit message as another medium simultaneously. Embrace the power of the opening prayer and really feel inspired to offer the public address and in so doing so set the atmosphere and power for the best demonstration you can offer. This will help those of you that have the ability to deliver a good standard of information and bring that information to life by learning all the skills necessary to present the message publicly.
